The above listed foster children are all in the same foster home with the same foster dad. They all have behavioral problems making it clinically warranted for them to be in psychotherapy approximately 1-2x/ month. I am currently seeing them in therapy and their foster dad is assisting in their compliance with treatment.

Furthermore, they will graduate soon, and need to make realistic future plans. Their foster dad's assistance is likewise needed in this area.

Please call my Windowed office if you need additional information.
